

NORTH UNION COMPLETE STREETS

Olean, NY

- The City of Olean working with the project team successfully obtained a federal T.I.G.E.R. Grant to transform North Union Street and the central business district into a vibrant urban destination
- Key elements inclusive of the design are stormwater management, infrastructure improvement, strengthening pedestrian and bicycle accessibility, traffic calming, lighting, parking and enhanced storefront character
- The design includes significant greening that is not only appropriate for the urban environment but also ideal to mitigate stormwater runoff
- A comprehensive public outreach was undertaken to educate and engage local residence and merchants
