

SOUTH BUFFALO BOA: STEP 3 IMPLEMENTATION STRATEGY

Buffalo, NY

- The South Buffalo BOA is the largest BOA in NYS at 2,000 acres and the first to become a Step 3 Implementation Strategy.
- Step 3 Implementation Strategy brings prior planning efforts into pre-construction activities to further the vision for the study area.
- This important phase of the project is to include specific techniques, range of projects, and actions needed to achieve revitalization.
- The project team performed a comprehensive public outreach plan and collaborated with project steering committees
- Developed a strategic approach for selecting and implementing projects

Client:	Buffalo Urban Development Corporation
Value:	NA
Size:	1,968 Acres
Completion:	Spring 2014
Contact:	David Stebbins Vice President (716) 856.6525

Short-Term Strategy: Create attractive, safe, and green streets for all users

Mid-Term Strategy: Spur development with attractive streets

Long-Term Strategy: Large scale development spurred by shovel ready sites
